We look for articles that present ideas in fresh ways, offer the new, lesser known and unexpected, engage with the current literature and trends, reflect honestly upon challenges

in the field, and have an eye trained on innovative, successful initiatives. **Important:** articles must have a clear and compelling argument that gives shape to the whole.

Please send short proposals, 1-3 sentences only, by **July 5th**. Proposals will be reviewed shortly thereafter and receive responses within two weeks. Article deadline is **August 31st**. No article will be considered without an accepted proposal. Articles are usually ca. 1000-2000 words in length.

For our **school spread**, we're looking for shorter pieces by any school professional on staff answering the question, When you think about your school, in what lies its greatest value?
