ABOUT PRIZMAH

Prizmah is the network for Jewish day schools across North America. We partner with day schools, yeshivas, philanthropists, and communities from all denominations, helping them grow their reach and impact and tackle the challenges on their paths to success.

Educating our children is the most important investment we can make in their future. Jewish day schools inspire and nurture young people, prepare them for remarkable and meaningful lives, and enable them to thrive.

Prizmah enhances the ability of schools to excel. Prizmah is building networks for schools and their supporters to connect, learn and drive impact – deepening talent by investing in professional and lay leaders; catalyzing resources to generate funding for schools to flourish; and accelerating educational innovation, to foster teaching and learning opportunities that empower students.

At Prizmah, we see what is possible for Jewish day schools, and we're passionate about making that vision a reality.
