Prizmah's impact on the growth and development of our school has been invaluable. By participating in the Prizmah Reshet groups, our leadership team has been able to network and exchange ideas with their counterparts in other Jewish schools throughout North America. I am personally and professionally grateful for our head of school Reshet weekly meetings where we come together to offer guidance, support and inspiration... We are also grateful for the collection of data-driven reports and studies that we have access to so that we are able to identify current trends in enrollment and development, and use this information for strategic planning purposes. Prizmah provides us with a lifeline to the greater Jewish community so that as an independent school we still have resources and knowledge to compete with larger educational institutions.
